## MY SERVICES

---

Collaboration has been a key aspect of my efforts. I have worked closely with teachers to integrate technology into the curriculum, creating interactive learning materials and resources that cater to diverse learning styles. This collaboration approach ensures that the integration of web development in education is not just an extracurricular activity but an integral part of the learning experience.

## MY WORK

---

In my role as a student in web development, I've also championed the dissemination of knowledge. Through workshops and collaborative learning sessions, I've shared my passion with peers, demystifying the art of coding and kindling a spark of curiosity.
